Mr. Coffey has asked me to pull together, for his use only, the senior succession facts he will be facing in the next few years. While recognizing that "best laid plans . . . ." would you please give me your own best - current - thinking or plans and of your Deputy and any senior subordinates who should be included in the DD/S's scheme. As you know, we have recently asked the middle-aged and older "S" types for the same information for the purpose of the PMMP 70's exercise. Presumably you did likewise in your Career Service. As amply demonstrated in the present term, however, the DD/S must look at his assignment problems without regard to career designation.

If with this you have any ideas as to who would be good where -- fine, send it along.

Thanks.
